

SUREN NETWORK
PLAY WITH TECHNOLOGIES

SNCNA

SUREN NETWORK CERTIFIED NETWORK ASSOCIATE

PHYSICAL CONNECTION TEST

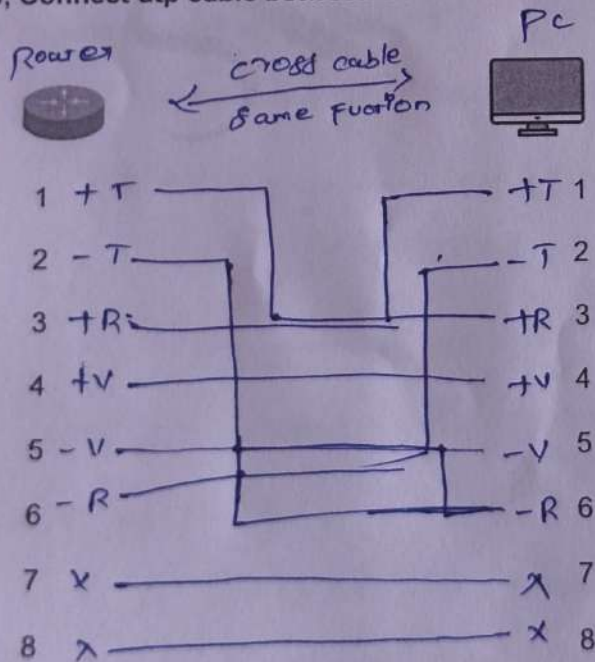

1, Types of mediums ?

Radio Frequency - Wireless (most N/w)
Electrical signal - copper wire (Production N/w)
Light signal - FOC (Backbone area n/w)

2, Write down switch 8-pins ?

- 1 +R
- 2 -R
- 3 +T
- 4 +V
- 5 -V
- 6 -T
- 7 X
- 8 X

3, Connect utp cable between two devices

4, Explain AUTO MDIX ?

Automatic Medium Dependent Interface crossover, MDIX Ethernet interface to automatically detect the required cable connection type (straight or cross) Reconfigure their internal (T) and (R) lines accordingly.

5, Explain POE injector ?

6, Explain POE switch ?

7, Explain types of nic & function ?

NIC: Network Interface card)

Wired $\begin{cases} \rightarrow \text{UTP (Unshielded Twisted pair)} \\ \rightarrow \text{FOC (Fibre optic cable)} \end{cases}$

Wireless $\rightarrow$ Radio frequency

NIC contain the i) MAC (Media access control)
ii) IP (Internet protocol)

Function of NIC is

It is used to Binary signal to electrical signal
And electrical signal to Binary signal.
